FINANCIAL POLICY

PRIVATE PAY: Payment for services is due at time of service. However, you can choose to use our Health Care Creditline for your dental bill. We accept cash, checks, Mastercard, Visa, or Discover Card.

INSURANCE: We participate in most of the area's insurance plans and will bill them directly as a service to you provided complete, accurate insurance information is given. Please realize that what the insurance company describes as "usual and customary" fees are set by them and are often times well below the "usual and customary" fees charged by local area dentist. Likewise, any deductible or other denied charges will be billed directly to you. You will be ultimately responsible for the balance of your bill.

Insurance Co-Pays: Any insurance co-pays are due at the time of service.

I verify that I have read the above Financial Policy and agree to the terms stated above.
